Exhibitor Prospectus

Welcome to the International Society for Technology in Arthroplasty (ISTA). ISTA is a non-for-profit organization dedicated to advancing the art and science of joint replacement around the world. It hosts an annual international congress where individuals from industry, academia and clinical practice come together to collaborate and exchange ideas each year. In 2026, we are meeting in Munich, Germany.

The 37th Congress will be held on 15-18 September 2026, at the BMW Welt, Munich, Germany. The theme of this meeting is “Bridging Innovation and Orthopaedic Excellence”.

- Over the past 36 years, ISTA has become the premier forum for the exchange of ideas and innovations in joint replacement technologies by surgeons, engineers, marketing and business experts. In Munich, we are expecting to host up to 700 delegates from some 28 countries.
- The ISTA Annual Congress provides an opportunity for surgeons, engineers and industry to engage in robust debate, which is essential for the future of arthroplasty.
- As a member of this vital community, we invite you to participate in this exciting event, by:
 - Submitting your own abstracts for the scientific sessions in our programme.
 - Sponsoring the unique interactions between the leading innovators and researchers in the field of arthroplasty.

We encourage you to contact us to discuss your sponsorship of ISTA and we are open to your ideas on how ISTA can assist you in achieving a successful congress at ISTA Munich.
